SUMMARY

Fresh graduate in Informatics from UPN "Veteran" Yogyakarta with strong interest in Web Development and Machine Learning. Highly motivated to apply academic knowledge and project experience to real-world applications. Passionate about continuous learning, teamwork, and embracing challenges to grow both technical and soft skills.

EXPERIENCE

- Web Developer Intern (Maganghub Batch 1 By Kemnaker)
Koperasi GEMI
09/2025 - 04/2026
 - Redesigned the website interface to improve visual consistency and user experience.
 - Developed interactive financial simulation features including a loan calculator and zakat calculator using JavaScript to support member financial planning.
- Fixed-Wing Division
Robotic UPN "Veteran" Yogyakarta
09/2022 - 08/2025
 - Participated in the 2024 National Fixed-Wing UAV Competition (KRTI 2024).
 - Contributed to testing and improving UAVs for stable and efficient mission execution.
 - Collaborated with the engineering team to improve control performance through iterative testing.
- Machine Learning Cohort (MSIB)
Bangkit Academy 2023 Batch 2
08/2023 - 12/2023
 - Built a final project: Batik Recommendation System using visual similarity, achieving a model accuracy of 93%.
 - Responsible for data collection, preprocessing, model development, and performance evaluation.
 - Collaborated in a cross-functional team to integrate the recommendation system into a mobile application.
- Frontend Web Developer (Intern)
PT Premier Optima Sattiga, Jakarta
02/2019 - 04/2019
 - Developed the frontend interface of a Laravel-based gym management system.
 - Converted static web designs into functional Laravel components.

EDUCATION

- Informatics
Universitas Pembangunan Nasional "Veteran" Yogyakarta - Bachelor of Informatics (GPA: 3.71)
08/2021 - 08/2025
- Thesis: "Implementation of Retrieval-Augmented Generation (RAG) with Large Language Model (LLM) for a Legal Question Answering System on Indonesian Labor Law"

CERTIFICATES

- Junior Web Developer
BNSP
09/2024 - 09/2027
- TensorFlow Developer ¹
DeepLearning.AI
11/2023 - 11/2026
- Machine Learning Specilization ¹
DeepLearning.AI, Stanford University
10/2023 - 10/2026

SKILLS

- | | | |
|------------------|------------|---------|
| Python | CSS | Laravel |
| Langchain | Javascript | React |
| Machine Learning | PHP | Git |
| NLP | MySQL | |
